To whom it may concern

22nd January 2016

Ref: FDA compliance of John Guest products

Many John Guest Ltd products are certified by NSF to NSF 51 for food contact. One requirement of this certification is that all of the food contact materials must comply with the relevant FDA 21 CFR clauses for that material.

NSF 51 certification for these products is independent confirmation that the materials used are FDA compliant.

Up-to-date NSF 51 certification can be seen at www.nsf.org

For and on behalf of John Guest Ltd

L.R. Flood
